

Help supplement your healthcare coverage with Accident Insurance

Get a lump sum benefit payment to use however you wish.

Accidents can happen anytime, anywhere, and likely when you least expect them. They can be costly and lead to extra expenses. Many people aren't financially prepared to handle extra costs, such as plan deductibles, co-pays for emergency room care, testing, out-of-network care, and non-medical expenses such as transportation and childcare costs. Having this financial support may mean less worry for you and your family. Payments are paid directly to you, not to the hospitals or to other healthcare providers. You receive a check made payable to you. Accident Insurance may help you to focus more on your recovery and less on your finances.

Consider this hypothetical scenario*:

*Kelly's son Jacob plays soccer. Some time ago, Jacob collided with another player, was knocked unconscious, and was taken to the emergency room by ambulance. The emergency room doctor ordered a CT scan and diagnosed a concussion and a broken tooth. Jacob was released to a primary care physician for follow-up treatment, and a dentist to repair the tooth with a crown. Luckily, Kelly had **Accident Insurance** to help pay for some of the unexpected expenses!*

Ambulance:
\$300

Emergency room visit:
\$150

Follow-up with physician:
(\$75 x 2): \$150

Medical testing:
\$200

Concussion:
\$250

Broken tooth (repaired by crown): \$200

Total lump-sum payment: \$1,250^{6*}

New total lump-sum payment with Organized Sports Rider: \$1,562^{*}

MetLife Accident Insurance through your workplace may be more affordable than you may think.

Your Accident Insurance could have an additional 25% of coverage for injuries with the Organized Sports Activity Rider benefit.³

With the Organized Sports Rider benefit for Accidents, you can be more financially protected from a covered sports-related injury. The rider provides an extra 25% in addition to the coverage you already have. In the hypothetical example on the previous page, the current benefit would pay an **additional \$312** with the Organized Sports Rider because the child was playing an organized sport.

Coverage is subject to limitations described in the certificate. The Organized Sports Activity Injury Benefit Rider is pending regulatory approval in some states.
